

GL76GV

AQUA GRILL

- All-steel construction
- Plate thickness 1.2mm
- Easily removable grille rack for cleaning
- Perimeter splash guards
- Residue collector, fat collector and water basin easy to remove for optimum cleaning; the collector ensures that the fat cools quickly and the evaporation of the water guarantees a better cooking result
- Heated by high-performance tubular burners, in AISI 316 stainless steel, controlled by a safety tap with a safety cut-out and a pilot light
- Piezoelectric ignition
- Fitted water inlet tap
- Open steel base
- Stainless steel height-adjustable feet

General technical data

Dimensions: (mm) **1200x700x900**

Volume: (m³) **0,9**

Weight:: (Kg) **95**

Gas connection

kW **24**
